2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe the experience of the applicant and potential subrecipients (if any), in effectively utilizing federal funds and performing the activities proposed in the application, given funding and time limitations.

The Howard County Department of Community Resources and Services(DCRS) is the Collaborative Applicant for the Continuum of Care (CoC) and Recipient organization for most of the Projects funded through the CoC. Since the mid-90's the CoC have been working to promote community-wide planning and strategic use of resources to address homelessness, improve coordination and integration with mainstream resources, and improve data collection and performance measurements. DCRS is also the Lead Agency for the HMIS. The CoC Board's Rating and Ranking (RNR) Committee establishes performance targets for federal, state and local funds to ensure grants are spent in a timely fashion. The RNR works closely with the Recipient organization as well as sub-grantees, and subrecipients to provide oversight and guidance in the implementation of CoC-goals. The RNR reviews monitoring reports, assists in developing action plans to remedy poor program performance (including slow spending), reviews/ranks CoC project applications, and determines allocation of grant funds. The RNR meets quarterly and provides input to ensure projects and planning efforts are effective and are meeting deadlines as set forth by the CoC. The Recipient has extensive experience in OMB circulars, the Interim Rule, and a myriad of state programs that complement the CoC program (including ESG). DCRS is responsible for the County's \$1.2 million homeless grants funded to support the goal to end homelessness and is positioned to continue expanding resources to best end homelessness in Howard County.

The Subrecipient selected for this project is Humanim, Inc., a current Subrecipient of CoC-projects. Humanim's programs and services, tailored to persons with disabilities, has strengthened the operations of the CoC projects to maximize existing funding by operationalizing resource leveraging from Medicaid and other mainstream programs. Humanim has a wealth of experience engaging hard to house populations and is committed to serving chronically homeless persons and members of their families quickly and without preconditions to housing. Both DCRS and Humanim are well equipped and experienced to meet the administrative requirements of CoC funding and both have refined financial processes in place to monitor and track all federal funds. The Recipient in partnership with Humanim will continue identifying match funds from a variety of sources, including but not limited to, the County's homeless grant funds, CDBG/HOME, and in-kind sources. The partnership established is the premise the CoC is seeking to implement and operate a successful project where chronically homeless persons and their families are housed quickly, provided supports to maintain their housing, and linked to local resources and benefits to increase their self-sufficiency as housed members of our community.

2. Describe the experience of the applicant and potential subrecipients (if any) in leveraging other Federal, State, local, and private sector funds.

DCRS actively pursues federal and state funds with the ultimate goal of ending homelessness in our community. The County contributes approximately \$1.6 million annually for case management, a housing locator, local subsidies, addictions treatment, workforce development, and public school resources for families with children. Local funds are collectively referred to as "Plan to End Homelessness (PEH) Grants," as they are designed to support the local Plan to End Homelessness and fill gap areas to end homelessness. All CoC and State dollars are supported by PEH grants and assist in increasing number of persons exiting homelessness and becoming stably housed. DCRS also has a longstanding partnership with United Way of Central Maryland (UWCM) to create programs to end homelessness in Howard County. The leveraging capacity of DCRS will continue to benefit all CoC project funds including all renewals and this new project. Humanim, Inc. prides itself on being innovative in program development and continually seeks opportunities to expand services to existing programs. Humanim, Inc. is a grantee of the local Community Service Partnership (CSP) grant program and applies for a variety of state and federal funds to bolster workforce development, supported living, transition aged youth, and public school-based programs. Humanim, Inc. also creates economic opportunities for persons facing barriers to employment through social enterprise operations, and is in a strong position to continue leveraging resources to meet the needs of the chronically homeless to be served in this new program.

3. Describe the basic organization and management structure of the applicant and subrecipients (if any). Include evidence of internal and external coordination and an adequate financial accounting system.

The Office of Community Partnership's (OCP) is the Office designated by the Howard County Department of Community Resources to administer the CoC program. On staff in the OCP is the CoC Manager and HMIS Administrator both who report directly to the Office Administrator. The CoC Manager administers all CoC and State homeless grants and provides technical assistance to ensure compliance and program outcomes are in line with the County's Plan to End Homelessness and HUD goals and outcomes. The HMIS Administrator works closely with all homeless programs to ensure high data quality and entry of UDEs. The CoC Team is comprised of the HMIS Administrator, the CoC Manager and a Coordinator for the Coordinated Access System. The CoC Team is the primary staff for the CoC's Coalition to End Homelessness, and provides assistance to the Rating and Ranking Committee as they review applications, HMIS reports, outcomes and project performance. Annual monitoring is completed with the CoC Manager, HMIS Administrator and Fiscal Officer to ensure data entry, program regulations and fiscal procedures are being properly performed. Expenditures are reviewed and verified by OMB Circular guidance and program regulations. The County uses the SAP financial system. The CoC Manager reviews invoices that are submitted for reimbursement and checks programmatic guidelines based on Grant Agreements, and validity of backup documentation. After prepared for payment, the invoice is then reviewed by three separate staff persons: the first enters into the SAP system, the second approves the payment, and the third completes the HUD draws in LOCCS (or submits the reimbursement request for homeless State funds). The Program Manager at Humanim, Inc. works closely with the

CoC Manager on administering a tenant-based rental assistance (TBRA) program, providing services, responding to client issues, and grant reports and applications. The Program Manager also works closely with the HMIS Administrator for accurate and timely entry into HMIS. The Program Manager works with Humanim's Director of Grant Accounting & Administration on identifying eligible expenses, tracking against budget line items, and submitting timely invoices. Once the Director of Grant Accounting & Administration receives all information from the Program Manager, they prepare a monthly invoice for each grant based on actual paid-expenses. Humanim is responsive to questions and submits monthly invoices on time to ensure that the Recipient is able to draw in LOCCS at least quarterly. In addition, the CoC Manager works with the Director of Grant Accounting & Administration and answers questions on eligible grant expenses. The CoC Manager and HMIS Administrator are available by phone and email and provides in-person training.

4a. Are there any unresolved monitoring or audit findings for any HUD grants(including ESG) operated by the applicant or potential subrecipients (if any)? No

3A. Project Detail

1a. CoC Number and Name: MD-504 - Howard County CoC

1b. CoC Collaborative Applicant Name: Howard County Government

2. Project Name: Expansion Bonus - FFY18

3. Project Status: Standard

4. Component Type: PH

4a. Will the PH project provide PSH or RRH? PSH

5. Does this project use one or more properties that have been conveyed through the Title V process? No

6. Is this new project application requesting to transition from eligible renewal project(s) that were awarded to the same recipient and fully eliminated through reallocation in the FY 2018 CoC Program Competition? (Section II.B.2. and Section III.C.3.q. of the FY 2018 NOFA). No

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

In early 2017 PIT, the CoC established a By-Name list for persons experiencing chronic homelessness for permanent supportive housing (PSH). Currently, there is a demand for approximately 20 PSH units and more PSH is vital to end chronic homelessness for families and singles. Howard County has a long history of strong advocacy, innovative service providers and County Executive and County Council support to end homelessness. In 2010, the County adopted a Plan to End Homelessness with local funds committed since 2012. Currently over \$1.6 million of County funds are used to maximize the CoC and State funding (ESG included). Howard County received CoC Planning Grants to update the Plan to End Homelessness, and we are in the process of that update. One of our gaps is lack of PSH; without it, ending chronic homelessness will be impossible. The CoC is committed to exploring all options to end homelessness in our community, yet we realize the marriage of rental assistance and support services for chronically homeless persons is vital to maintenance of stable housing. Through this Expansion Bonus opportunity, the CoC is seeking to increase the supply of scattered site PSH TBRA for persons that have been homeless for over a year, have experienced four episodes in three years totaling 12 months, and who have a diagnosed disability: for two households.

This Expansion Bonus opportunity's performance outcomes will be monitored and tracked closely to determine ongoing housing stability, including:

Housing Stability. Humanim will provide two households with tenancy supports to aid in their success in their own housing. Through housing stability case planning and rental assistance, Humanim will ensure that two households will maintain their housing and not return to homelessness.

Mainstream Benefits/Income. Humanim will support two households to apply for, obtain, and maintain benefits. Humanim has SOAR trained staff, and an Earned Benefits Specialist that is able to quickly navigate mainstream benefits to connect households to supports that will stabilize them in their home.

2. For each primary project location or structure in the project, enter the number of days from the execution of the grant agreement that each of the following milestones will occur as related to CoC Program funds requested in this project application. If a milestone is not applicable, leave the associated fields blank. If the project has only one location or structure, or no structures, complete only column A. If multiple structures, complete one column for each structure.

Note: To expend funds within statutorily required deadlines, project applicants must be able to begin assistance within 12 months of conditional award. The one exception is for applicants who are conditionally awarded sponsor-based and project-based rental assistance. These

conditional award recipients will have 24 months to execute a grant agreement; however, HUD encourages all recipients conditionally awarded funds to begin assistance within 12 months. The estimated schedule should reflect these statutorily required deadlines.

Dedicated and DedicatedPLUS

A "100% Dedicated" project is a permanent supportive housing project that commits 100% of its beds to chronically homeless individuals and families, according to NOFA Section III.3.b.

A "DedicatedPLUS" project is a permanent supportive housing project where 100% of the beds are dedicated to serve individuals with disabilities

and families in which one adult or child has a disability, including unaccompanied homeless youth, that at a minimum, meet ONE of the following criteria according to NOFA Section III.3.d:

- (1) experiencing chronic homelessness as defined in 24 CFR 578.3;
- (2) residing in a transitional housing project that will be eliminated and meets the definition of chronically homeless in effect at the time in which the individual or family entered the transitional housing project;
- (3) residing in a place not meant for human habitation, emergency shelter, or safe haven; but the individuals or families experiencing chronic homelessness as defined at 24 CFR 578.3 had been admitted and enrolled in a permanent housing project within the last year and were unable to maintain a housing placement;
- (4) residing in transitional housing funded by a joint TH and PH-RRH component project and who were experiencing chronic homelessness as defined at 24 CFR 578.3 prior to entering the project;
- (5) residing and has resided in a place not meant for human habitation, a safe haven, or emergency shelter for at least 12 months in the last three years, but has not done so on four separate occasions; or
- (6) receiving assistance through a Department of Veterans Affairs(VA)-funded homeless assistance program and met one of the above criteria at initial intake to the VA's homeless assistance system.

A renewal project where 100 percent of the beds are dedicated in their current grant as described in NOFA Section III.A.3.b. must either become DedicatedPLUS or remain 100% Dedicated. If a renewal project currently has 100 percent of its beds dedicated to chronically homeless individuals and families and elects to become a DedicatedPLUS project, the project will be required to adhere to all fair housing requirements at 24 CFR 578.93. Any beds that the applicant identifies in this application as being dedicated to chronically homeless individuals and families in a DedicatedPLUS project must continue to operate in accordance with Section III.A.3.b. Beds are identified on Screen 4B.

10. Indicate whether the project is “100% Dedicated,” or “DedicatedPLUS,” according to the information provided above. 100% Dedicated

4A. Supportive Services for Participants

1. Applicants requesting funds to provide housing or services to children and youth, with or without families, must establish policies and practices that are consistent with and do not restrict the exercise of rights provided by subtitle B of title VII of the McKinney-Vento Act (42 U.S.C. 11431, et seq.), and other laws (e.g. Head Start, part C of the Individuals with Disabilities Education Act) relating to the provision of educational and related services to individuals and families experiencing homelessness. Projects serving households with children or youth must have a staff person that is designated to ensure children or youth are enrolled in school and connected to the appropriate services within the community. Reminder: failure to comply with federal education assurances may result in Federal sanctions and significantly reduce the likelihood of receiving funding through the CoC Program Competition.

Please check the box that you acknowledge you will be required to meet the above requirements if you have any qualifying participants.

2. Describe how participants will be assisted to obtain and remain in permanent housing.

Humanim's Rental Administrator (RA) assists clients to find housing of their choice. The RA provides leads on units and negotiates with landlords to accept clients who are hard to house. Rent Reasonableness and FMRs are checked, utility allowances (if not included in contract rent), income and client portion of rent is calculated, and an HQS is scheduled. Humanim staff is available to attend lease signing to support the household in their move, and an agreement is executed between Humanim and landlord which also helps to assist with any future tenancy issues and clearly identify responsible parties for payment of rent. After lease signing, Humanim will help find donated furniture or other items for units. Humanim recognizes that chronically homeless persons with a disability may struggle with everyday living/life skills and low-barrier methods (trauma informed care, motivational interviewing and harm reduction) are essential to supporting households to remain stable in their home.

3. Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently.

Case managers working with this project will create Housing Stability Case Plans that are client-led and outline issue that may put the household in jeopardy of becoming unstably housed. Case managers will assist with benefits screenings, expungements and referrals to other supports. Housing Stability Case Plans include but is not limited to: setting plans to increase income, earned or not, increase earned benefits or maintaining them, and helping create a monthly budget to meet the household's daily needs. One of the strengths

Humanim brings to the CoC are a variety of Employment Services offered within the organization including: Workforce Readiness Training, Occupational Skills Training, Job Placement, Job Support, Supported Employment Alternatives, Workforce Solutions, and counseling to craft short and long-term objectives to remove barriers to employment. This project will maximize the CoC funds to ensure that participants are connected to services to increase their employment or support them in their current employment situation.

Humanim has SOAR trained staff to assist persons to apply for and receive disability benefits. A Benefits Specialist, also on staff, is trained to work on benefits packages for households. Humanim is a partner in the CoC which has a number of public and nonprofit partners working together to end homelessness. Humanim provides direct referrals to agencies that have expertise in assisting households to maintain independence through local and mainstream benefits. To support the household's independence, Humanim will provide bus tokens and cab vouchers to help clients attend benefits appointments, employment training and jobs.

We recognize increasing income/benefits may not always be possible. However, we strive to ensure that there is no loss of benefits or income and that existing barriers are overcome. If SSDI decreases, which is beyond Humanim's or the household's control, we will explore options to increase the overall income and benefits for the family in their quest for independence.

Other barriers to independent living for the chronically homeless may include mental health and substance abuse issues. As a long-standing provider for persons with disabilities, Humanim has been tactful in using harm reduction and helping people remain independent without disqualifying them from services. For instance, if a member of a household has trouble taking medication, or experiences a relapse, Humanim upholds clients' personal choice, but seeks to improve their health through life skills and motivational interviewing to continue medications, as directed by the client's doctor, or reducing their substance use. While income and benefits are paramount, Humanim is committed to caring for the whole household to assist them to live as independently as possible without preconditions to services.

1. Enter the percentage of project participants that will be coming from each of the following locations.

10%	Directly from the street or other locations not meant for human habitation.
90%	Directly from emergency shelters.
0%	Directly from safe havens.
0%	Persons fleeing domestic violence.
100%	Total of above percentages

2. Describe the outreach plan to bring these homeless participants into the project.

The CoC has a variety of outreach methods in place to bring literally homeless persons into projects to end their homelessness. The local shelter operates an outreach center called the Day Resource Center (DRC), located along the Route 1 corridor where the homeless are known to congregate. Open three days a week, showers, food, laundry facilities, doctors and case managers are available to assist those who present for services. There is a PATH staff at the DRC and an Outreach Manager who links persons with identification cards, birth certificates, and helps sign persons up for benefits. There are nonprofits in the community who engage persons who are unsheltered and works to connect them to mainstream benefits, and the By-Name list for PSH. In addition, all persons who contact the single point of entry (SPE) have a coordinated assessment completed and are referred to a program. If it is indicated they may be chronically homeless, they are referred to the By-Name List. Also, the SPE is through the shelter, the same shelter that oversees the DRC activities. At any time, there are roughly 200 households waiting for programs, and another 185 being served through County, State and federally funded programs. When an opening becomes available in a PSH program (locally or CoC-funded) the program contacts coordinated entry and indicates the number of beds available in the project. Beginning in spring 2017, all PSH is filled through the By-Name list for persons experiencing chronic homelessness. After the household is selected they are forwarded to the PSH program and the process begins immediately to place the household into a unit. New units will be filled with persons coming from the street or a place not meant for human habitation, or emergency shelter.
